31st July 2013

Dear Sir/Madam

CROP AREA DECLARATION 2013: URGENT REQUEST

Our records show that as at Wednesday 31st July we still have not received your 2013 Crop Area Declaration which was due to be returned by 31st May and about which we have issued two previous reminders. If you have returned your declaration in the last few days, please ignore this reminder.

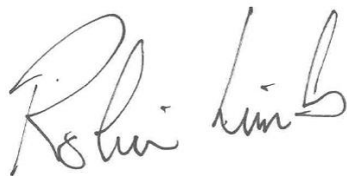

It is a condition of the contract that all growers declare the IACS number(s) and field area(s) in hectares to us, as without this information authority to deliver your crop cannot be granted. We would urge you to give this your highest priority in order to avoid compromising the delivery of your crop.

We cannot schedule or accept your beet deliveries until we have received a completed Crop Area Declaration. Additionally, you will not qualify for cover under the NFU frost insurance scheme if we do not have declared IACS references for your sugar beet fields by FRIDAY 9th AUGUST.

Please complete the declaration and return the enclosed form which is reply paid **as a matter of urgency**. Alternatively, please complete the appropriate screen on BS on-line. If you require any assistance please contact our Helpdesk on 0870 2402314.

With thanks,

Yours faithfully

Robin Limb
Central Agricultural Manager
