

# PICK-UPS FOR PEACE

Our goal:  X100

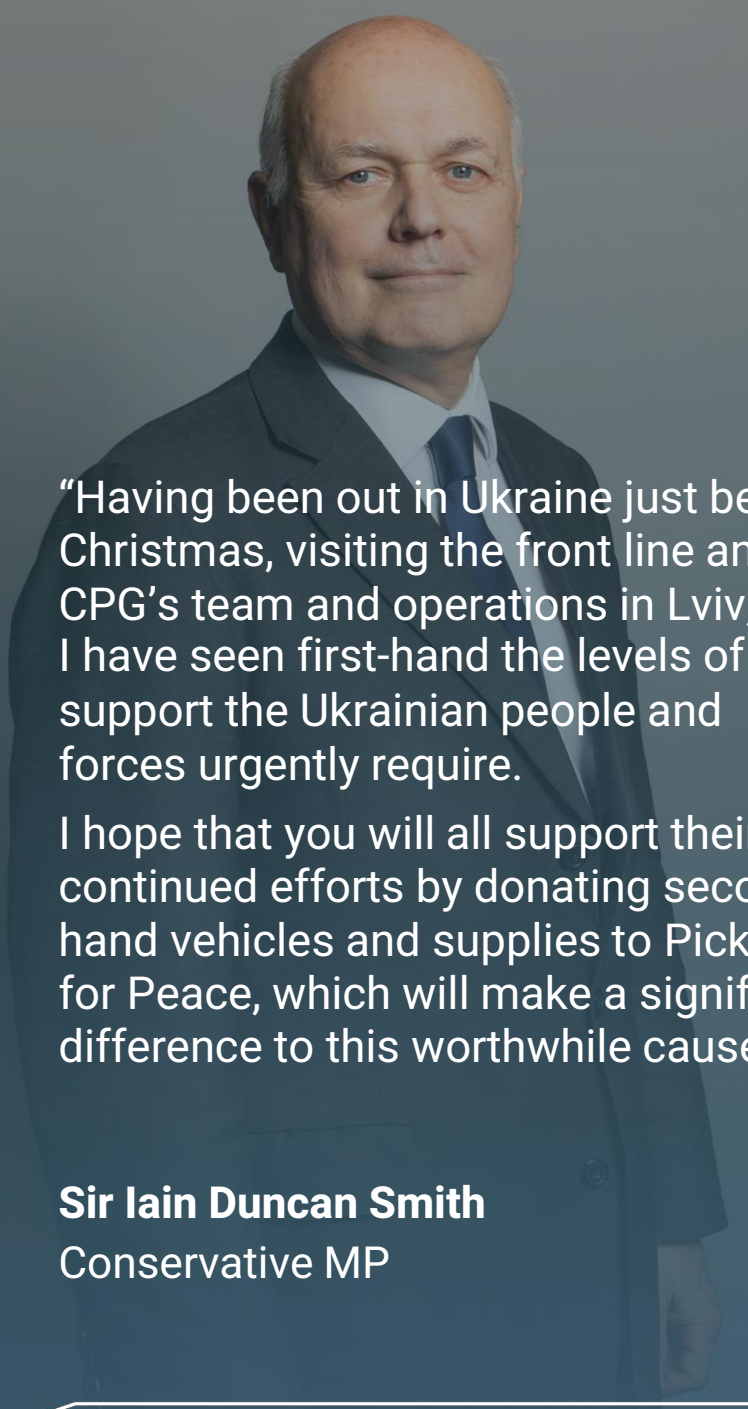

In support of communities in Eastern Ukraine who have been severely impacted by the conflict over the last 12 months, we are looking to send 100 used ambulances, pick-up trucks or 4x4's laden with urgently required supplies from the UK to Eastern Ukraine by 30 June 2023.

“

“The only thing necessary for  
evil to triumph in the world is  
that **good men do nothing**”

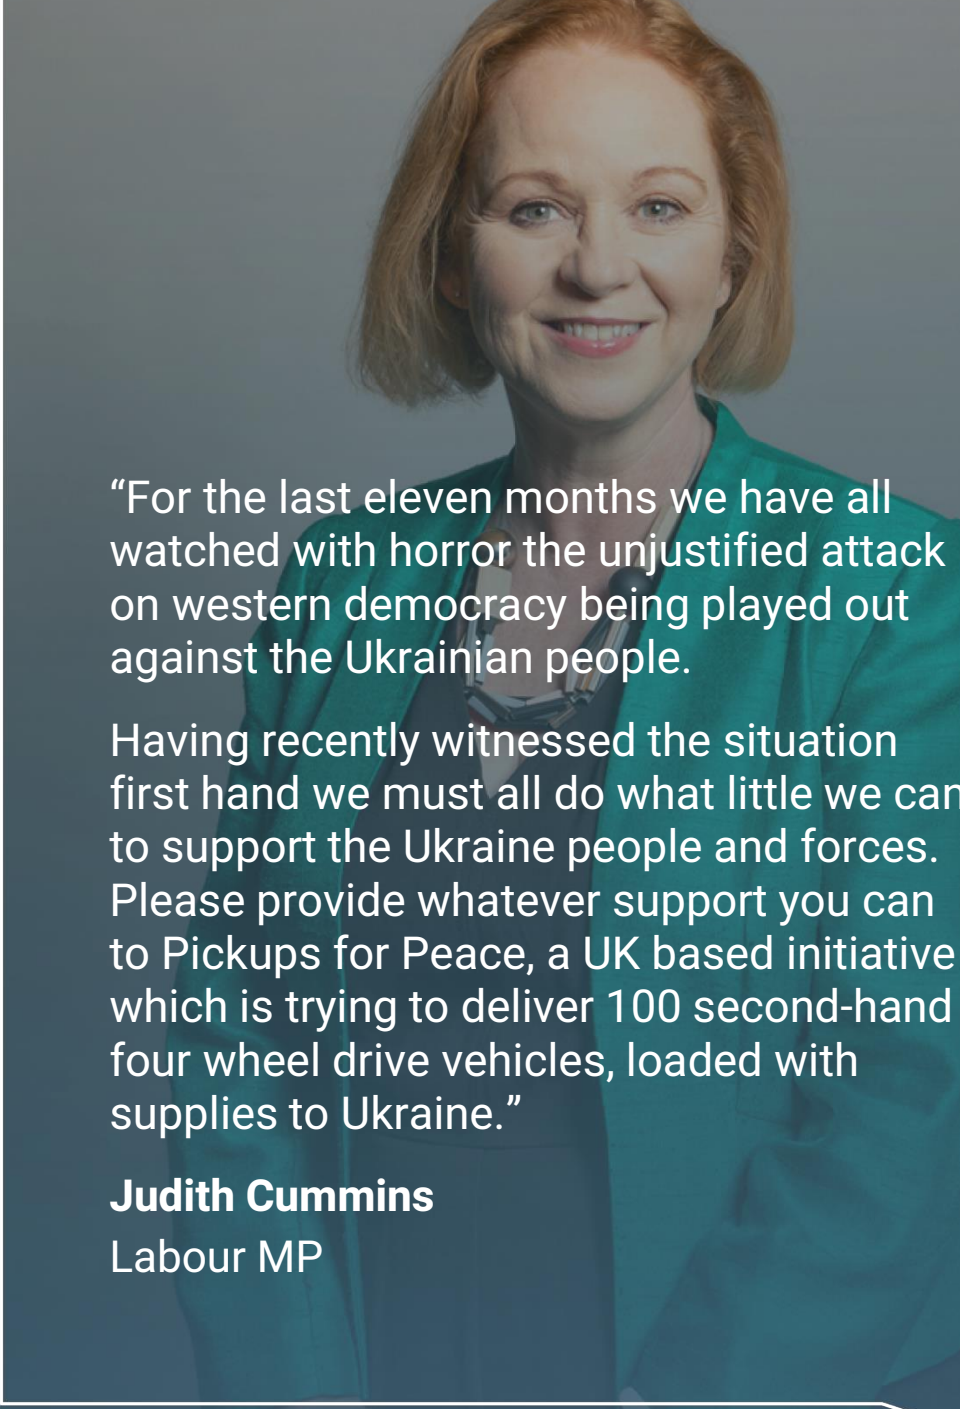

Edmund Burke MP ca 1770

A portrait of Sir Iain Duncan Smith, a middle-aged man with thinning hair, wearing a dark suit, white shirt, and blue tie. He is looking directly at the camera with a neutral expression.

“Having been out in Ukraine just before Christmas, visiting the front line and CPG’s team and operations in Lviv, I have seen first-hand the levels of support the Ukrainian people and forces urgently require.

I hope that you will all support their continued efforts by donating second hand vehicles and supplies to Pickups for Peace, which will make a significant difference to this worthwhile cause.”

**Sir Iain Duncan Smith**  
Conservative MP

A portrait of Judith Cummins, a woman with short reddish-brown hair, wearing a teal blazer over a dark top. She is smiling slightly and looking towards the camera.

“For the last eleven months we have all watched with horror the unjustified attack on western democracy being played out against the Ukrainian people.

Having recently witnessed the situation first hand we must all do what little we can to support the Ukraine people and forces. Please provide whatever support you can to Pickups for Peace, a UK based initiative which is trying to deliver 100 second-hand four wheel drive vehicles, loaded with supplies to Ukraine.”

PICK-UPS

**Be one of the first to support  
This initiative and help us deliver  
these to Eastern Ukraine**

We have just taken the first 22  
donated trucks and are looking  
to take the next 20 4x4's to  
Ukraine in late March 23

Apr/May  
2023

+60

X100

**The aim of the initiative is to supply  
over 100 pick-up trucks to the front  
line by the middle of the year.**

All trucks donated will provide  
valuable support on the ground  
to aid effort in Ukraine

# DRIVEN WITH SUPPLIES

All those who participate will be invited to drive their donated vehicle to Lviv in Western Ukraine and our Ukrainian team will transport these to Eastern Ukraine where they are needed most.

# UK FARMERS SUPPORT

## DIRECTLY TO THOSE IN NEED

Mark Laird has dedicated his working life to supporting the growth of Eastern European farming and food-security, developing and operating significant farming and food processing operations with a dedicated team of Ukrainian, Polish and UK staff.

Throughout this career Mark and the team have faced many challenges, however, none that compare to the current unjustified assault on Ukraine and International Democracy.

Mark and the team have been focussed on providing the Ukrainian people and forces with as much support as is feasibly possible since the outbreak of the war to help them overcome this unwelcome foe.

Through local connections the CPG team have developed a close relationship with local communities and support groups who have been providing aid to the communities most impacted by the conflict

WHAT CAN YOU  
DO TO HELP?

WHAT CAN YOU DO TO HELP?

# DONATE YOUR OLD PICK-UP OR 4WD

Speaking to the local communities impacted by the war, they urgently require supplies in many areas, from warm clothing, generators, ambulances and 4WD pickups and vehicles to deliver aid and supplies to the communities most impacted by the conflict.

Following previously successful delivery of reliable 4WDs to Eastern Ukraine we see a real opportunity for the UK Farming Community to provide direct support through donating their second hand pick-ups or similar.

All vehicles must have an MOT and be roadworthy so that they can be driven to West Ukraine

The Ukraine government has removed importation restrictions and duties to simplify the process and we have already fully tested the process for the safe delivery of these vehicles to Ukraine.

WHAT CAN YOU DO TO HELP?

# DONATE SUPPLIES OR YOUR TIME

Whilst the primary focus is on identifying 100 vehicles, ambulances and 4WDs for donation we shall take the opportunity to load these vehicles with other donated or purchased aid items from generators, spare tyres and parts to winter jackets etc.

[List of items required](#)

We request those donating to drive their own vehicle or assist in providing someone to drive them overland to our operations in Lviv. We shall then deliver drivers to Rzeszow or Krakow in southern Poland for a flight back to the UK.

WHAT CAN YOU DO TO HELP?

# DONATE FUNDS TO SUPPORT

We know that not everyone has a spare vehicle or the time to drive one across Europe, however we shall still require further support in the form of funding to pay transportation or accommodation and flights back for some of the drivers.

This can either be donated directly to our funding account or by credit card through the just-giving web link on the next page. All funds will be managed by an independent committee.

[Donation details](#)

# DETAILS:

We sent the first 22 vehicles in early March and are looking to send the second convoy of vehicles over to Lviv at the end of March.

Those driving can either fly straight back from Southern Poland or can remain whilst the vehicles are handed over to the local team with a tour of Lviv and our operations.

A small dedicated team will be formed to manage this and provide governance oversight.

When hostilities cease, in the long-term recognition of donors, we shall hold an annual visit to the Lviv region for all who have helped in this initiative.

We shall have further deliveries to Ukraine in the next 4 months depending upon the levels of vehicles donated.
