

BACK BRITISH DAIRY

HOW CAN YOU BACK BRITISH DAIRY FARMING?

As British dairy farmers we are proud to produce quality dairy foods for the nation and this is how you can help support us

Buy British dairy products including:

Cheese

Butter

Milk

Yoghurt

Cream

Look for the Red Tractor logo* or the Union flag on packaging so you know the product has come from a UK farm

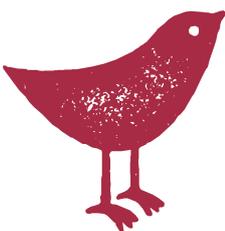

*The Union flag in the logo guarantees the food has been produced on UK farms

Look for British food when dining out in pubs, cafés and restaurants

Ask your local shop, supermarket, pub, café, or hotel **how they are supporting British dairy farmers**

Be our eyes and ears. Tweet or email us photos of labelling that makes it unclear if the food is from British farms. And contact us if you think someone could be doing more to back British farming.
